

ADDITIONAL ONLINE RESOURCES

Below are a list of apps and online programs that have been reviewed and approved by our Education Technology department. Students may be familiar with these sites, but may not already have accounts to log in. Families may create accounts for students on their own. Many are free, however, some require a paid subscription. We hope you find this page a useful resource for those interested in additional programming.

Please note that Seesaw is compatible with any app or website that supports exporting as a photo, video, PDF or link. This list consists of educational apps that can be easily integrated into (and are recommended by) Seesaw.
